7 UNITED STATES DISTRICT COURT
8 WESTERN DISTRICT OF WASHINGTON
9 AT TACOMA

10 DONNELL LINTON,
11 Plaintiff,
12 v.
13 NATIONAL RAILROAD PASSENGER
14 CORPORATION d/b/a AMTRAK,
15 Defendant.

Case No.
COMPLAINT FOR DAMAGES
JURY DEMAND

16 1. **IDENTIFICATION OF PARTIES**

17 1.1 Plaintiff, Donnell Linton, is an adult U.S. citizen, and resident of the State of
18 Washington.

19 1.2 Defendant, NATIONAL RAILROAD PASSENGER CORPORATION a/k/a
20 AMTRAK (AMTRAK), is a corporation organized and existing under the laws of the United States
21 of America with a principal place of business in Washington, D.C. Defendant AMTRAK has an
22 office for the transaction of business, and transacts business in King County, Washington.

23 1.3 There may be unknown entities or "John Does" who may be at fault and when their
24 identification becomes known, these pleadings may be amended accordingly. This may include

COMPLAINT FOR DAMAGES - 1

SEATTLE, WASHINGTON 98104
(206) 467-6090

1 but is not limited to those entities owning the tracks or cars, as well as those entities involved in
 2 the design or construction of the route, or in the operation of rail service, directly or through
 3 contractors, such as Central Puget Sound Regional Transit Authority, a/k/a Sound Transit, a
 4 Washington municipal corporation, and/or the Washington State Department of Transportation,
 5 a/k/a WSDOT.

6 **2. JURISDICTION AND VENUE**

7 2.1 The court has federal question jurisdiction over the claims asserted herein pursuant
 8 to 28 U.S.C. § 1331, because, on information and belief, AMTRAK is a congressionally
 9 incorporated corporation, over half of whose capital stock is owned by the federal government.
 10 Venue is proper in the Western District of Washington pursuant to 28 U.S.C. § 1331 because a
 11 substantial part of the events or omissions giving rise to the claim occurred in this district, and
 12 AMTRAK is subject to the court's personal jurisdiction with respect to this claim.

13 **3. NATURE OF OCCURRENCE**

14 3.1. On and before December 18, 2017, Defendant AMTRAK was a corporation doing
 15 business as a common carrier engaged in the transportation of passengers between various
 16 destinations in the State of Washington.

17 3.2 On December 18, 2017, Defendant AMTRAK through its employees and/or agents,
 18 operated, managed, maintained, supervised, owned, designed, constructed and/or controlled
 19 AMTRAK Train No. 501, which originated in Seattle, Washington and was destined for other
 20 stops.

21 3.3 Defendant marketed and sold plaintiff Donnell Linton a ticket for the inaugural run
 22 of AMTRAK Train No. 501 in Washington. On the morning of December 18, 2017, Plaintiff
 23
 24

1 Donnell Linton boarded AMTRAK Train No. 501 as a passenger at the King Street Station in
2 Seattle, Washington.

3 3.4 At approximately 7:33 a.m., AMTRAK Train No. 501 traveled on a segment of
4 railroad track about 40 miles south of Seattle, Washington that was operated, managed,
5 maintained, supervised, owned, designed, constructed and/or controlled, or contracted to operate,
6 manage, maintain, supervise, own and/or control by Defendant AMTRAK. AMTRAK Train No.
7 501 was operated by employees and/or agents of Defendant AMTRAK.

8 3.5 A sharp and dangerous curve existed on this segment where the railroad track
9 crossed over I-5 from west to east.

10 3.6 On December 18, 2017, at approximately 7:33 a.m., AMTRAK Train No. 501
11 approached the curve and bridge crossing I-5 at a speed greatly exceeding the authorized, posted,
12 safe and lawful speed limit for this segment of the track.

13 3.7 AMTRAK Train No. 501 derailed through the curve and at the bridge crossing I-5,
14 causing serious injuries to Plaintiff Donnell Linton and other passengers on board the train.

15 3.8 As a result of derailment, Plaintiff was traumatized and hospitalized for care and
16 treatment of his injuries.

17 3.9 At all times relevant to this accident, Defendant AMTRAK equipped AMTRAK
18 Train No. 501 with a Positive Train Control system (hereinafter “PTC”), but knowingly failed to
19 make the system operable.

20 3.10 In 2008, Congress enacted the Rail Safety Improvement Act of 2008 (RSIA), which
21 requires passenger railroads to install a PTC system no later than the end of 2015.

22 3.11 The PTC systems mandated by Congress were designed specifically to increase
23 safety and prevent derailments caused by excessive speeds, among other purposes.

1 3.12 PTC provides real-time information to train crew members about, among other
2 things, the areas in which a train must be slowed or stopped and the speed limits at approaching
3 curves and other reduced-speed locations.

4 3.13 PTC also warns the train crew of the train's safe braking distance in curved or
5 reduced-speed locations and displays the same on screens inside the locomotive's cab.

6 3.14 If the engineer does not respond to the ample warnings and on-screen displays, the
7 PTC system will automatically activate the brakes and safely slow or stop the train.

8 3.15 At all times relevant hereto, PTC systems were affordable, available, feasible, and
9 intended to improve safety.

10 3.16 Defendant AMTRAK knowingly and intentionally failed to utilize an operable PTC
11 or similar safety control system on the AMTRAK Train No. 501 and the segment of railroad track
12 where this tragic and preventable derailment occurred.

13 3.17 The failure to have PTC was a factor that caused AMTRAK Train No. 188 to derail
14 in Philadelphia, Pennsylvania, in 2015 and to cause other derailments, collisions and injuries
15 known to defendant.

16 3.18 The NTSB has been recommending train control systems for safety for years. Prior
17 to December 18, 2017, Defendant AMTRAK knew that PTC systems safeguarded their
18 transportation system, prevented derailments, and precluded passenger injuries.

19 3.19 Defendant AMTRAK failed to use available train control systems and other safety
20 technologies that would have prevented the derailment and injuries to their passengers and failed
21 to warn passengers and the public it was marketing, selling, and operating commercial
22 transportation without this long-recommended safety device.

1 **4. NATURE OF LIABILITY**

2 4.1 Plaintiff's injuries, damages, and losses were proximately caused by Defendant
3 AMTRAK's wrongful conduct under common law, federal and state statutes and regulations, and
4 the Washington Consumer Protection Act, rendering defendant liable and at fault for all injuries
5 and damages.

6 4.2 On December 18, 2017, Defendant AMTRAK, through its agents and/or
7 employees, was a common carrier and owed passenger Donnell Linton the highest duties of care,
8 as well as duties of ordinary and reasonable care.

9 4.3 Defendant AMTRAK, through its agents and/or employees, was at fault and
10 violated the highest duty of care, including but not limited to one or more of the following ways:

- 11 a. Failed to slow its train when it knew or should have known that the speed
12 was too fast for the sharp and dangerous curve;
- 13 b. Operated the train in excess of the authorized, posted, safe, and lawful speed
14 limit;
- 15 c. Failed to install and render operable proper train-control safety and speed
16 systems;
- 17 d. Operated the train without keeping a safe and proper lookout;
- 18 e. Failed to comply with Defendant's own operational and safety plan, rules,
19 standards, and procedures;
- 20 f. Failed to comply with the applicable federal standards of care, including,
21 but not limited to, the failure to comply with applicable federal statutes or
22 regulations;
- 23 g. Failed to properly train its agents and/or employees in the proper operations
24 of the train;
- 25 h. Failed to properly supervise its agents and/or employees in the proper
26 operation of the train.

1 4.4 Defendant AMTRAK is also liable for punitive and/or exemplary damages under
2 choice of law principles for the reckless and/or willful disregard of the rights and safety of the
3 passengers and the public.

4 4.5 Defendant AMTRAK failed to provide material information to Donnell Linton,
5 thus acting unfairly or deceptively in trade or commerce in violation of the Washington Consumer
6 Protection Act, RCW 19.86. *et seq.*, including, but not limited to, the failure to inform him that:

7 a. Its engineer had insufficient experience and training to safely operate
8 AMTRAK Train No. 501 on the route originating in Seattle on December
18, 2017;

9 b. AMTRAK operated the train with an assistant conductor who was neither
10 certified nor qualified;

11 c. AMTRAK operated the train without enabling and/or providing a fully
12 operational PTC or other safety devices.

13 5. INJURIES, HARM AND DAMAGES

14 5.1 As a direct and proximate result of one or more of the above acts and/or omissions
15 of the Defendant AMTRAK, Plaintiff has suffered serious physical and emotional injuries,
16 requiring past and future medical care, disability, loss of enjoyment of life, pain, anxiety, distress
17 and emotional trauma, physical impairment and disfigurement, pecuniary and economic losses,
18 and other injuries, harm, and noneconomic damages which are ongoing and the total amount of
which will be proven at trial.

19 5.2 Plaintiff has suffered injury and damages, including loss of business or property as
20 a result of Defendant AMTRAK's violation of the Consumer Protection Act.

21 6. RELIEF CLAIMED

22 6.1 Plaintiff claims all economic and non-economic damages along with all
23 compensatory, pecuniary, and exemplary damages.

1 6.2 Plaintiff claims all fees and expenses, including attorney fees, treble damages,
2 prejudgment interest and all other damages recoverable under Washington's Consumer Protection
3 Act.

4 6.3 Plaintiff seeks injunctive relief to protect the public.

5 6.4 Plaintiff reserves the right to seek other damages as appropriate.

6 WHEREFORE, Plaintiff prays for judgment against Defendant, NATIONAL RAILROAD
7 PASSENGER CORPORATION d/b/a AMTRAK, in such amount as will be proven at the time of
8 trial, together with such other and further relief as the jury or court deems appropriate.

9 DATED this 17th day of July, 2018.
